

CHOOSE, LOVE, LIVE.

MOSAICOGROUP | Solutions for The Cinema Media Room

THE MILLENNIAL CHARM of a unique handcraft culture

Venice. Elegant, precious, unique. Home of arts and crafts. Temple of beauty and expertise. These are the thoughts and images that our land evokes. Sights between the sky and the sea, the art of Tiziano, Palladio, Tiepolo and Canova.

City of sailors, craftsmen, and musicians.
Venice embraces the beauty of its ten centuries of history.

Glassblowers, gilders, carpenters, weavers, shipwrights: rare vocations and crafts handed over from one generation to another. Hands that create living works of art, finished in the details, harmonious and timeless.

MosaicoGroup flourished here, surrounded by waterways, beauty, and history.

MOSAICOGROUP

The Cinema Media Room

For more than twenty years, our ambition has been to accompany our customers in creating innovative living environments. Modular, versatile spaces uniquely and fine styled, designed to combine the pleasure of work and the need of utmost relaxation, always feeling at home.

Extraordinary attention to details, exclusive materials, and special design tailored on our customers' desires are our strengths.

Walls, ceilings, floors, finishes, lighting, systems, home automation: we design and realize every angle of the room, cooperating with our best professionals and craftsmen, providing accuracy and ensuring the reliability of a unique interlocutor.

Think about our Cinema Media Room as a bespoke garment, where nothing is left to chance and every detail is taken care of by our artisans meticulously.

ENJOYMENT, WORK, RELAXATION in a single room

This is what our Cinema Media Room is. A place where disconnecting and leisurely spend your spare time with friends and family or where to cultivate your business dynamically and efficiently. An alluring space where exquisite design and advanced technology meet.

MosaicoGroup's Cinema Media Room is a multi-purpose space designed with very high standards of performance and comfort to suit your taste and your needs.

OUR CINEMA MEDIA ROOM IS A SPACE TO BE LIVED EVERYDAY,
THOUGHT TO MAKE EVERY MOMENT UNIQUE.

YOUR SPACE, YOUR EXPERIENCE, your Cinema Media Room

A Cinema Media Room is not just a performing audio system and a premium projector. It is much more. It is an experience, the experience you wished for: an innovative space, completely designed on your needs, at home.

AN EXCLUSIVE DESIGN

from conception to execution

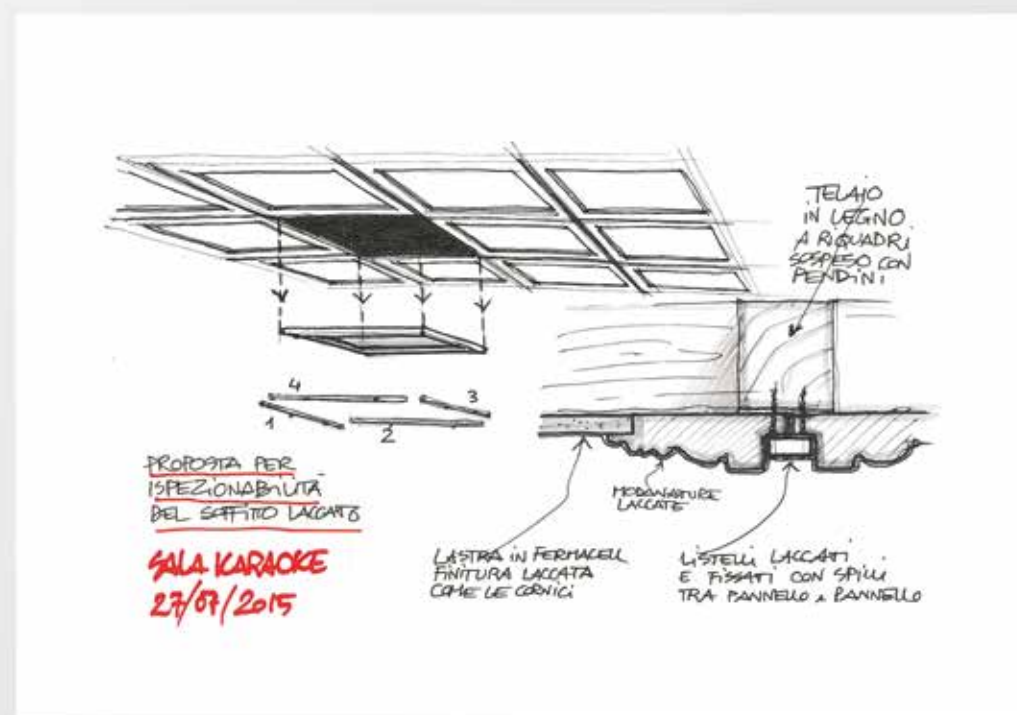

A Cinema Media Room is a combination of perfect details: comfort-focused architectural design, accurate acoustic design, contemporary interior design, systems integration and optimization. We take care of every single element to ensure the excellent overall quality of the project.

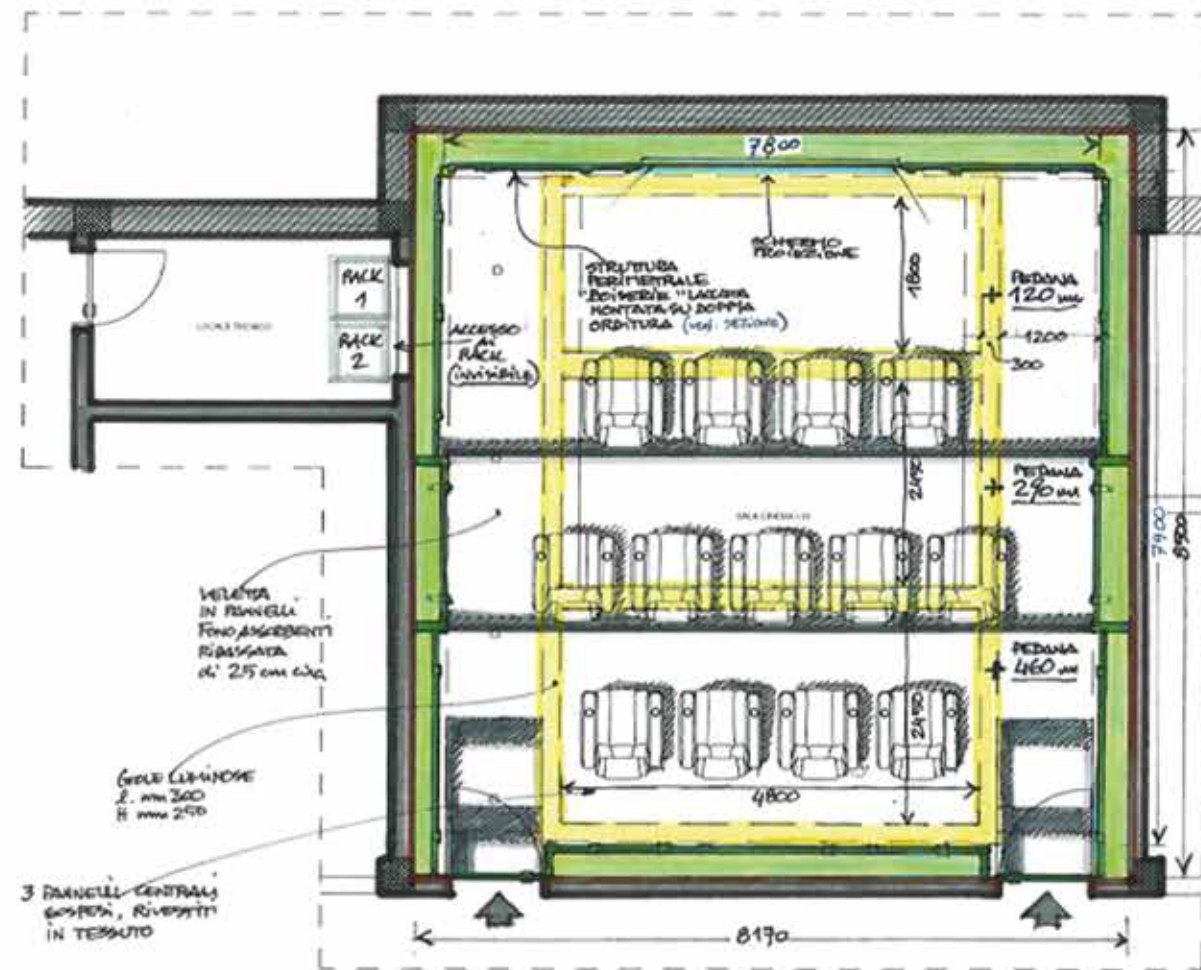

Not only we select the best materials, but also know how to treat them, how they react to time and solicitations, which ones are proper for an application and which ones are suitable for another.

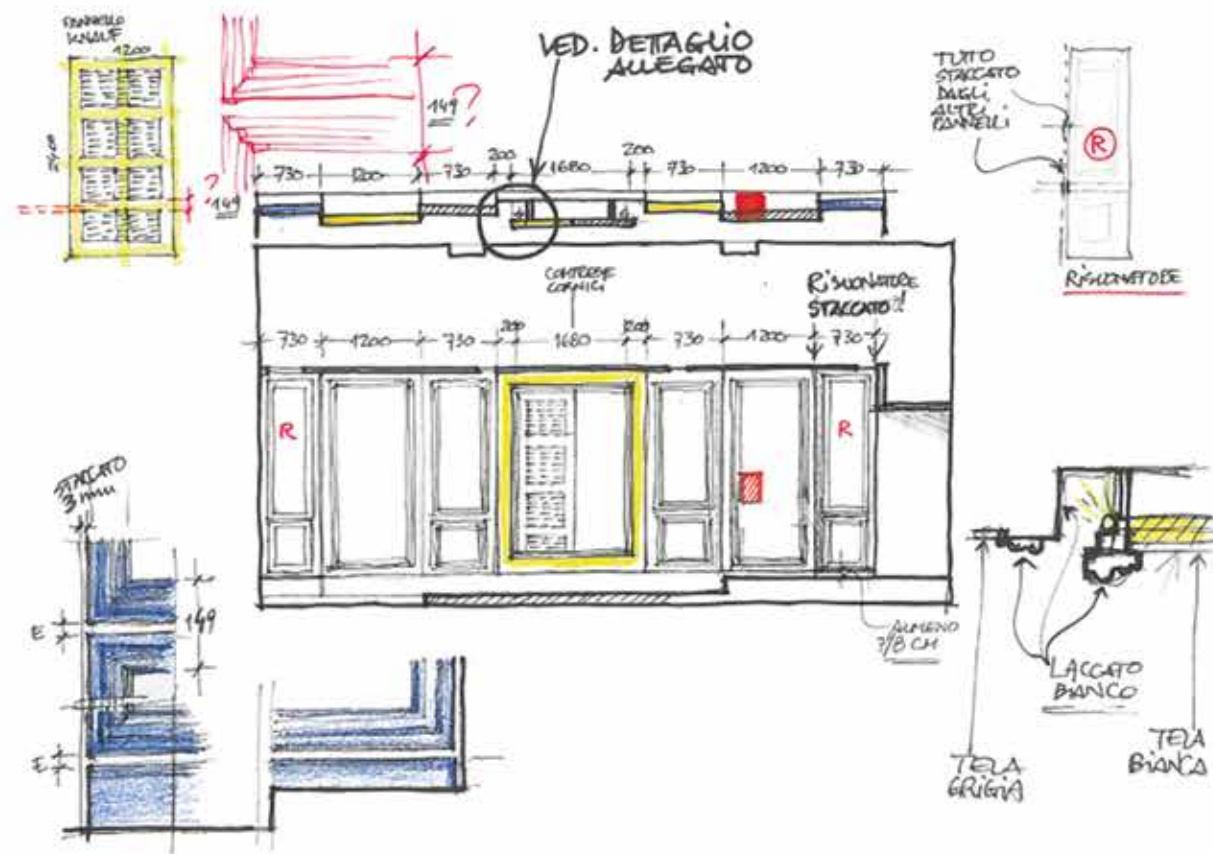

We count on a trusted and qualified team able to combine Design and Technology. This is why we think any idea is valuable and any project is realizable. Each finishing, each piece of furniture, each detail comes from the direct dialogue with the customer and is created unique by our craftsmen under the supervision of our chief executive.

A sheet, a pencil, a designer.
This is the simple trio that starts every single project of ours.

THE UNIQUENESS of hand-made pieces

Silk, leather, wood, glass. Our artisans have always been the artists giving life to the needs of our customers.

Keepers of a traditional artistic knowledge made of materials, taste, and care for detail, they create everlasting and unique items, distant from the ordinariness of industrial standardization.

**WE ARE PROUD OF SHARING
OUR LAND WITH THE WORLD.**

A land where beauty is handed
down from one generation to
another and looked after with
dedication.

**“THE WORK IS NOT ONLY THE OBJECT, BUT
WHAT SURROUNDS IT, THE VOIDS AND THE
SPACES”.**

OSCAR NIEMEYER

The Cinema Media Room is the ideal living space for every moment of the day. From attending work meetings to watching sporting event on TV with friends and colleagues.

AT ITS CORE, an automated management

Enter the room, sit down, choose your favourite movie, relax. All without worrying about getting up to dim the lights, adjust the temperature, find the perfect inclination of your backrest. Our Cinema Media Room allows you to integrate and automate every technological aspect of your home, letting you free to concentrate on your business and feel at ease during your spare time.

Not needing to bring the backrests back in their upright position or to switch the devices off when leaving the room are small aspects that make the difference.

SEATS CONTROL

Complete control of the motorized seats: find the perfect inclination of your backrest for the best comfort.

HOME CINEMA

Total control of audio and video systems for live management and pre-set scenarios.

CENTRAL SERVER

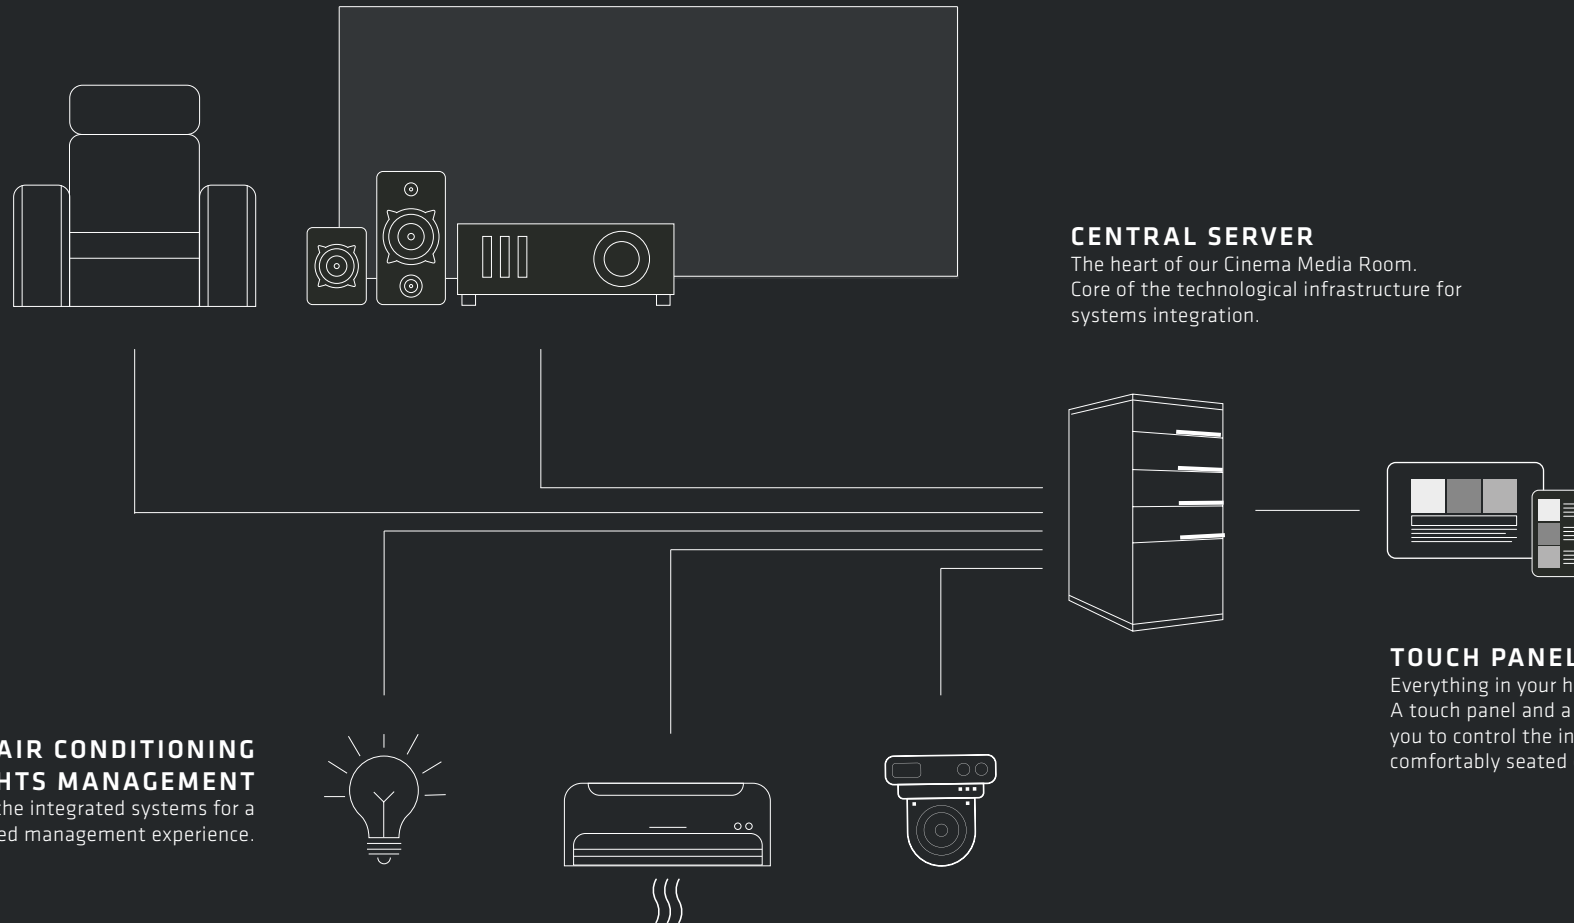

The heart of our Cinema Media Room.
Core of the technological infrastructure for systems integration.

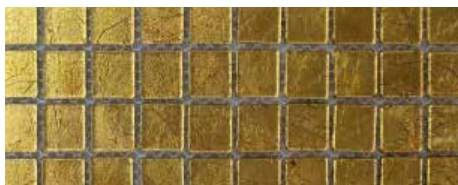

TOUCH PANEL & MOBILE APP

Everything in your hands.
A touch panel and a mobile application will allow you to control the integrated systems while comfortably seated on your armchair.

CCTV, AIR CONDITIONING AND LIGHTS MANAGEMENT

Control of all the integrated systems for a complete centralized management experience.

CUSTOMIZED FINISHES

Italian quality

Our job is to create something unique every day. We put the same dedication in everything we do: a customized elegant light-point or a new weave of fabric.

Elegance, uniqueness, quality: these are the values that, project after project, we devote to our customers.

**MOSAICOGROUP,
THE VENETIAN DESIGN
IN YOUR HOME.**
